

[Accessibility Options](#): The Art Therapy Credentials Board is committed to making information accessible to the public, credential holders, prospective credential holders, and others. We strive to make the ATCB web-site easy to navigate and view. Additionally, the resources outlined below may enhance accessibility to the Art Therapy Credentials Board's website for all user groups, including those with visual, hearing, motor, or cognitive disabilities. Computer operating systems and internet browsers provide several options for viewing or hearing web-site information. Please contact us if you have any questions or concerns about accessing information on our web-site. We welcome your feedback.

[Computer Operating Systems](#)

Some computers have features that will make it easier to see and/or hear, and to translate text into speech or speech into text. Please use the links below to learn more about the Microsoft Windows and Office, and Mac OS programs and the features that enable greater accessibility.

- Microsoft – Windows and Office Programs: <https://www.microsoft.com/enable/>
- Mac OS: <http://www.apple.com/accessibility/osx/>
